

15/30 Celebration

The board of directors hosted a ceremony commemorating the 15th year of the opening of the museum and the 30th year of the Foundation's existence on June 30, 2012 in the museum. It was a well attended event that was catered with light snacks. It was attended by numerous public figures who had a hand in making our museum a reality in 1997. All who attended enjoyed the event and with it's success, we are contemplating a similar event (like an open house) for next year in addition to our annual member's night. Additional photos from the event can be viewed in the photo gallery tab.
